

WOMEN'S DAY

# 38

It can be said that every achievement SINGHAI has made today embodies the wisdom and dedication of our female colleagues.

## International Women's Day Greetings to All Female Colleagues at SINGHAI

**Dear SINGHAI Female Colleagues,**

As International Women's Day approaches, on behalf of the company's management team, I would like to extend our sincerest holiday greetings and best wishes to all female employees of SINGHAI.

In today's world, the role and status of women in social development are increasingly vital. Across various fields—from technology and business to culture and education—numerous outstanding female role models have emerged. With their wisdom, resilience, and sense of responsibility, they are creating ever-greater value for society.

Throughout SINGHAI's development journey, women have also played an indispensable and significant role. Female employees account for nearly half of our total staff. From the corporate management team to department heads, business managers, and frontline employees in various positions, everyone demonstrates dedication and excellence in their respective roles. With your professional competence, sense of responsibility, meticulousness, and rigorous work attitude, you have earned widespread recognition from clients, crew members, and colleagues, and have made substantial contributions to SINGHAI's growth.

It can be said that every achievement SINGHAI has made today embodies the wisdom and dedication of our female colleagues. You are not only the "backbone" of SINGHAI but also a vital force driving the company's continuous progress and advancement.

Our female team at SINGHAI not only exudes confidence and elegance but also possesses outstanding professional skills and strong execution. This is a true reflection of the vitality and resilience of the SINGHAI team.

In the new year, we hope everyone will continue to maintain your confidence, resilience, and enthusiasm. May you shine even brighter on the stages of your careers and personal lives, and move forward together with SINGHAI towards an even better future.

Wishing all SINGHAI female colleagues a very happy International Women's Day! May you enjoy happiness, good health, success in your careers, and a wonderful life!

Wishing everyone a pleasant weekend!

Sincerely,  
Chairman  
Terence Zhao
